

BMP-215E SCARIFIER

AN ELECTRIC POWERED SCARIFIER

The Blastrac BMP-215E is electrical powered, perfect for all types of applications. The Blastrac BMP-215E scarifier is compact, powerful, and durable. The BMP-215E scarifier is almost dust free when connected to the appropriate Blastrac dust collection system. It comes equipped as standard with a complete drum with cutters.

Blastrac scarifiers are designed to be easy to use and maintain, extending the effectiveness of the operator the job without vibrations or stress. Blastrac has designed a full range of scarifiers and cutters, which give the opportunity to process any floor and specific application.

PLUG & SCARIFY

With the single phase scarifier, you don't need any special electrical system.

Just plug & scarify!

CENTRED DOWN FORCE

The BMP-215E is built so that the weight of the machine is centered in order to create a maximum down force on the rotating drum.

PRECISE HEIGHT ADJUSTMENT

The working depth of the drum is easily adjustable, this means no underground deterioration. Quick lifting / lowering of the milling drum mechanism.

USER FRIENDLY & DUST FREE

The BMP-215E is easy to manoeuvre, with minimum vibrations and features a dust hose connection Ø51 mm for a dust free jobsite.
