

## BMG-435WD TRIPLE DISC GRINDER

### A SMALL TRIPLE HEAD GRINDER FOR CONFINED AREAS

The Blastrac BMG-435WD is the smallest planetary triple head grinder in our range. It is easy to manoeuvre with minimum vibrations and an user friendly control panel. Thanks to the height adjustable handles it is easy to keep control over the machine. In addition, the BMG-435WD can be dismantled in three parts for easy transportation upstairs or onto vehicles.

The BMG-435WD is compatible with the patented Diamag magnetic adapter plates.

The BMG-435WD is designed for various sizes of horizontal surface preparation applications. It is an ideal machine for companies dealing with removal of coating, concrete grinding or polishing applications. The BMG-435WD triple head grinder is dust free when connected to the appropriate dust collection system.

#### 3 GRINDING DISCS

The 3 planetary rotating discs in the BMG-435WD allows maximum coverage and effective pressure distribution.

#### DUST HOSE & WATER CONNECTIONS

The BMG-435WD triple disc grinder is equipped as standard with a local dust exhaust of Ø51 mm and a water hose connection with an easy adjustable ball valve flow control.

#### PLUG & GRIND

With this single phase triple disc grinder, you don't need any special electrical system.

Just plug & grind !

#### ADAPTER PLATE SYSTEM

The BMG-435WD is compatible with the patented Diamag Ø155 mm magnetic adapter plates, where the diamond tools can be easily mounted on.

#### HEIGHT ADJUSTABLE HANDLE

It is very easy to keep control over the BMG-435WD thanks to its height adjustable handle.

#### PERFECT FOR DECORATIVE FLOORING

The BMG-435WD is ideal for decorative applications such as floor polishing, bush-hammering and maintaining floors as well.
